SEO & AI Search | Google Ads | Meta Ads | WordPress & Shopify | Social Media & Content | WhatsApp, Email & SMS | Amazon & Quick Commerce | LinkedIn & B2B | AI Agents & Automation | Brand Strategy

16 weeks, about 4 months

80 live online classes

24 certifications from Google, HubSpot, Semrush and more

1 business idea of your own, launched for real

What you walk out with after 16 weeks

You don't just watch lessons. You build real websites, run real ad campaigns and launch your own idea, so you finish with proof of what you can do.

15+
real projects in your portfolio

24
certifications from global platforms and the Government of India

Live
campaigns on Google and Meta, with real budgets

YOUR PORTFOLIO

- A live WordPress website and an AdSense blog
- A full SEO audit report
- Meta lead and sales campaigns with a creative test
- A WhatsApp AI chatbot and an email automation
- Your business idea: validated, launched and pitched
- A Shopify dropshipping store
- Google Search, Shopping and Performance Max campaigns
- An AI-made UGC video ad and a content calendar
- An n8n automation and your own AI agent
- A portfolio site and mock interview practice

ROLES THIS PREPARES YOU FOR

Digital Marketing Executive | **Performance Marketer (Google & Meta Ads)** | **SEO Specialist**

Social Media Manager | **Content Writer & Copywriter** | **E-commerce Marketer**

Marketing Automation Specialist | **Freelancer or Agency Owner** | **Founder**

WHO IT'S FOR

Students & graduates
Start a marketing career with skills companies hire for.

Working professionals
Switch into marketing or upgrade to AI-era skills.

Owners & founders
Grow your own business without depending on an agency.

Think on the weekend. Build midweek.

Every week has the same simple rhythm. What you learn on the weekend, you do on the real tools from Wednesday to Friday.

SAT + SUN · 3 HRS

Marketing Mind

Why customers buy, how brands win, and how to plan. Real Indian brand cases every class.

WED – FRI · 2.5–3 HRS

Hands-on Tools

Google Ads, Meta Ads, SEO, Shopify, WhatsApp, AI. You build on your own accounts, live in class.

MON + TUE · NO CLASS

Practice + Certify

Finish your homework build, watch recordings and clear your certification exams.

WHAT MAKES IT DIFFERENT

Real accounts, not demos

Your own website, store and ad accounts. What you build is yours to show employers.

AI in every class

Every topic shows how to do it faster with AI tools like Claude, n8n and Google Flow.

One output every class

Each hands-on class ends with something finished and saved to your portfolio.

Certifications built in

Take each exam right after learning the tool, while it's fresh.

THE CEO CHALLENGE · RUNS ALL 16 WEEKS

Bring one business idea. Leave with a launched business.

Everything you learn is applied to your own idea, every week. You test it with real customers, pass the Strategy Gate in Week 7, run real campaigns from Week 8, and defend it at Demo Day in Week 16. The strongest ideas can get investment through the Treqo Venture Track.

Week 1	Week 7	Week 8	Week 16
Pick your idea	Strategy Gate	Go live	Demo Day + jury

Launch your own idea; Treqo may invest

WEEKS 1–16

Plus Career Launch in Week 16: portfolio, mock interviews and an elective lab to sharpen the role you want.

WEEKS 1–4 · 8 WEEKEND CLASSES

Marketing Fundamentals

& Consumer Psychology: why people buy, and how brands get chosen

01

In simple words: before touching any ad tool, you learn how customers think, what makes them pick one brand over another, and how to find the right people for a product.

WHAT YOU'LL LEARN

What marketing really is
Beyond ads and posts: needs, value and why businesses win or fail.

Consumer psychology
The 7 Os of buying, Maslow's needs and why we buy on impulse.

10 types of customers
From loyal fans to bargain hunters, and how to talk to each.

Customer research
Interviews and surveys that uncover what people really need.

Buyer personas
A clear picture of the exact person you are selling to.

Segmentation & targeting
STP and VALS: split the market and pick the best audience.

Competitor analysis
Porter's Five Forces and how rivals attract your customers.

Positioning
Own one clear idea in the customer's mind, like the big brands do.

WHAT YOU'LL BUILD

A customer persona from 10 real interviews · a competitor map · a positioning statement for your own idea

FRAMEWORKS YOU'LL MASTER

- STP
- VALS
- 7 Os
- Maslow
- Porter's Five Forces
- Customer Development Model

CERTIFICATION

Semrush Competitive Analysis

Brands studied: Zepto, Mamaearth and more Indian success stories

WEEKS 5–7, 11, 14 · WEEKEND CLASSES

Brand Building & Marketing Strategy

Build a brand people remember, and a plan that makes money

02

In simple words: learn how brands like Zepto and Mamaearth were built, how big a market really is, and how to plan marketing so every rupee you spend comes back with profit.

WHAT YOU'LL LEARN

Brand building
Name, story, personality and Keller's brand pyramid.

Market sizing
How many people will actually buy: TAM, SAM and SOM.

Demand forecasting
Estimate sales before you spend a single rupee.

Marketing funnels
The path from first seeing a brand to buying again.

Unit economics
CAC, LTV and margins: does each sale make money?

Go-to-market strategy
Rogers' adoption curve and choosing launch channels.

Business frameworks
BCG matrix, Ansoff, PESTLE, push vs pull marketing.

Attribution & profit
Which channel really brought the sale, and marketing mix modelling.

WHAT YOU'LL BUILD

A brand blueprint · a market-size estimate · unit economics for your idea · a go-to-market and budget plan

FRAMEWORKS YOU'LL MASTER

Keller's Brand Pyramid · TAM · SAM · SOM · BCG · Ansoff · PESTLE · Rogers' Diffusion · MMM

WHY IT MATTERS

This is the thinking that separates a marketer who runs ads from one who decides where the money goes. It's what MNC interviews test.

WEEKS 1–3 · 8 HANDS-ON CLASSES

Website Building

WordPress, Shopify, Google Tag Manager & Google Analytics 4

03

In simple words: build your own business website and online store without coding, and set up tracking so you know exactly where visitors come from and what they do.

WHAT YOU'LL LEARN

How websites work
Domain, hosting, pages, plugins, and what makes a site sell.

WordPress website
Build a complete site with themes and plugins.

Websites with AI
Create a full site in minutes with AI website builders.

Pages that convert
Landing pages, layout and user experience (UX).

Google Tag Manager (GTM)
Add tracking to any site without touching code.

Google Analytics 4 (GA4)
See visitors, traffic sources, leads and sales.

Google AdSense blog
A blog that can earn money from ads.

Shopify & dropshipping
Launch an online store with real products, no stock needed.

WHAT YOU'LL BUILD

A live WordPress website · an AdSense-ready blog · a Shopify dropshipping store · GTM + GA4 tracking on all of them

TOOLS YOU'LL USE

- WordPress
- Shopify
- Google Tag Manager
- Google Analytics 4
- Google AdSense
- AI website builder

CERTIFICATION

- Google Analytics (GA4)

WEEKS 1 + 4 · 5 HANDS-ON CLASSES

SEO & AI Search

Search Engine Optimisation: rank on Google, and get recommended by ChatGPT and AI search

04

In simple words: learn how to bring free visitors from Google every day, and how to make your brand show up when people ask ChatGPT, Gemini or Google's AI answers.

WHAT YOU'LL LEARN

How Google search works
The results page, ads vs free results, and search intent.

Keyword research
Find the exact words customers type into Google.

On-page SEO
Titles, meta descriptions, headings and content that rank.

Technical SEO
Speed, indexing, site structure and full site audits.

E-E-A-T & content quality
What Google trusts, and how to earn that trust.

Google Search Console
Track rankings and clicks, and fix problems.

AI search (GEO / AEO)
Get your brand cited in ChatGPT and Google AI Overviews.

SEO with AI
Use Claude to plan, write and improve content faster.

WHAT YOU'LL BUILD

A keyword map for your idea · SEO-optimised pages and blog posts · a complete SEO audit report you can show clients

TOOLS YOU'LL USE

- Google Search Console
- Screaming Frog SEO Spider
- SEO Minion
- SEO Meta in 1 Click
- Yoast / Rank Math
- Semrush
- Claude

CERTIFICATIONS

- HubSpot AEO
- HubSpot Digital Marketing
- Semrush Keyword Research
- Semrush SEO Fundamentals
- Semrush Technical SEO
- Semrush On-Page SEO & AI Search

WEEKS 5–7 · 9 HANDS-ON CLASSES · FIRST CAMPAIGN LIVE IN WEEK 6

Google Ads

Search, YouTube, Display, Shopping & Performance Max ads

05

In simple words: show your ads at the exact moment people search on Google, watch YouTube or browse websites, and learn to run campaigns that earn more than they cost.

WHAT YOU'LL LEARN

Google Ads foundations
Account setup, campaign structure and how bidding works.

Search ads
Appear at the top of Google when people search for you.

Ad copy & assets
Responsive search ads that get clicked.

Display ads
Banner ads across millions of websites and apps.

YouTube ads
Video ads, including the YouTube Masthead homepage ad.

Shopping ads
Product photos and prices on Google via Merchant Center.

Performance Max
Google's AI campaign across Search, YouTube, Gmail and Maps.

Optimisation with AI
Conversion tracking, cutting waste, and managing Google Ads with AI.

WHAT YOU'LL BUILD

A live Search campaign · a Shopping campaign for your store · a Performance Max campaign · a Search project report

TOOLS YOU'LL USE

Google Ads · Google Merchant Center · YouTube · Google Analytics 4 · Google Ads MCP (AI) · Microsoft Advertising

CERTIFICATIONS

Google Ads Search · Display · Video · Shopping · Measurement · Creative · AI-Powered Performance Ads · Microsoft Advertising

WEEKS 8–10 · 8 HANDS-ON CLASSES

Meta Ads

Facebook & Instagram Ads that bring leads, WhatsApp chats and sales

06

In simple words: run ads on Facebook and Instagram that reach the right people, bring enquiries straight to WhatsApp, sell products from your store, and then scale what works.

WHAT YOU'LL LEARN

Meta Business setup
Business portfolio, ad account, Page, Instagram and payments.

Meta Pixel & Conversions API
Track every visit, lead and purchase accurately.

Campaign objectives
Awareness, traffic, leads or sales: picking the right one.

Audiences
Interests, custom and lookalike audiences, and retargeting.

Lead ads & click-to-WhatsApp
Get enquiries as forms or straight into WhatsApp chats.

Sales & catalog ads
Collection and dynamic product ads from your Shopify store.

Creative testing
Find the winning image, video and hook with real data.

Scaling with AI
Grow budgets without losing results; manage Meta Ads with AI.

WHAT YOU'LL BUILD

A verified Meta business setup · Pixel + Conversions API tracking · a lead campaign · a sales campaign with your product catalog · a creative test report

TOOLS YOU'LL USE

- Meta Ads Manager
- Meta Business Suite
- Events Manager
- Meta Pixel
- Conversions API
- Product catalog
- Meta Ads MCP (AI)

CERTIFICATION

Meta Certified Digital Marketing Associate

Optional · Meta charges an exam fee

WEEKS 8–10 · WEEKEND + HANDS-ON CLASSES

Social Media, Content & Copywriting

Instagram, Reels, influencer marketing and AI-made video ads

07

In simple words: learn to write words that sell, plan content people actually want to watch, work with influencers, and create ad videos with AI.

WHAT YOU'LL LEARN

Copywriting formulas
AIDA, PAS, BAB, 4P and FAB: proven ways to write ads that sell.

Content strategy
What to post, where and how often, for a real business goal.

Instagram & Reels
Hooks, reach, saves, shares and watch time.

Organic social media
Profile optimisation, scheduling and growing followers.

Influencer marketing
Finding, briefing and measuring creators.

UGC ads with AI
Make customer-style video ads with Google Flow.

Creative strategy
Ad ideas, formats and visuals that stop the scroll.

AI trend agent
An AI that spots trends and drafts posts for you to approve.

WHAT YOU'LL BUILD

Two weeks of content scheduled · ad copy in five formulas · an AI-made UGC video ad · your own trend-spotting agent

TOOLS YOU'LL USE

Instagram · Meta Business Suite · Google Flow · Claude · n8n

CERTIFICATIONS

HubSpot Content Marketing

HubSpot Social Media Marketing

WEEKS 11–12 · WEEKEND + HANDS-ON CLASSES

WhatsApp, Email & SMS Marketing

Bring customers back again and again, for free

08

In simple words: ads bring a customer once. WhatsApp, email and SMS bring them back without paying for ads again. You'll build these channels, including a WhatsApp AI chatbot that replies 24/7.

WHAT YOU'LL LEARN

WhatsApp Business API
Broadcasts, message templates and catalogs at scale.

WhatsApp AI chatbot
An AI agent that answers questions and sells round the clock.

Email marketing
Newsletters and campaigns people actually open.

Email automation
Welcome series and abandoned-cart emails that run on their own.

SMS marketing
Bulk SMS done right, including India's DLT registration rules.

Customer retention
Repeat purchases, loyalty and win-back campaigns.

Online reputation (ORM)
Reviews and ratings that build trust and bring sales.

Measuring repeat sales
How much each customer is worth over time.

WHAT YOU'LL BUILD

A working WhatsApp AI chatbot · an automated email flow · an SMS campaign · a retention plan for your idea

TOOLS YOU'LL USE

WhatsApp Business API · Brevo (email + SMS) · Claude · n8n

CERTIFICATION

HubSpot Email Marketing

WEEKS 3, 12–13 · WEEKEND + HANDS-ON CLASSES

E-commerce, Amazon & Quick Commerce

Sell on Shopify, Amazon, Blinkit, Zepto and Swiggy Instamart

09

In simple words: most Indian brands now sell on marketplaces and 10-minute delivery apps. Learn how D2C brands grow there, and how to get products found and bought.

WHAT YOU'LL LEARN

D2C brands
How Indian direct-to-consumer brands grow online.

Dropshipping
Sell products online without holding any stock.

Amazon listings
Titles, images and product pages that rank and convert.

Amazon Ads
Sponsored ads that put your product in front of buyers.

Quick commerce
How Blinkit, Zepto and Swiggy Instamart work for brands.

Quick-commerce SEO
Getting products found in in-app search.

Marketplace vs own website
When to sell where, and how to use both.

Margins & pricing
Fees, discounts and whether each order really makes money.

WHAT YOU'LL BUILD

An optimised Amazon product listing · a quick-commerce visibility plan · a channel plan for your own idea

TOOLS YOU'LL USE

Shopify · Amazon Seller Central · Amazon Ads · Claude

CERTIFICATION

Amazon Ads certification

WEEKS 8, 12–13 · WEEKEND + HANDS-ON CLASSES

LinkedIn & B2B Marketing

Market to businesses, and win your first freelance or agency clients

10

In simple words: selling to companies is different from selling to shoppers. Learn LinkedIn marketing, how to target specific companies, and a simple outreach system to land your first paying clients.

WHAT YOU'LL LEARN

B2B marketing
How companies decide what to buy, and who decides.

Account-based marketing (ABM)
Target a shortlist of specific companies with tailored campaigns.

LinkedIn Pages
A company page that builds trust and followers.

LinkedIn Ads
Reach decision-makers by job title, industry and company.

Finding clients
Your ideal client profile and a target list.

Outreach that works
LinkedIn and Instagram DMs, cold email and follow-ups.

Your first offer
A free audit that turns into paid work.

Calls & proposals
Discovery calls, handling objections, simple proposals.

WHAT YOU'LL BUILD

An optimised LinkedIn page · a LinkedIn ad campaign plan · a daily outreach system with real conversations booked

TOOLS YOU'LL USE

- LinkedIn Campaign Manager
- LinkedIn Pages
- Claude

CERTIFICATIONS

- LinkedIn Marketing Labs: Ads
- LinkedIn Marketing Labs: Pages

AI IN EVERY WEEK · FOCUS WEEKS 13 + 15

AI Marketing & Automation

n8n, AI agents, Claude and marketing analytics

11

In simple words: let AI do the repetitive work. Build automations and AI agents that research, write, report and run tasks, while you make the decisions.

WHAT YOU'LL LEARN

AI in every class
Claude for research, content, ideas and analysis.

n8n automation
Connect apps and automate marketing tasks without code.

AI agents
Assistants that track trends, draft content and send reports.

Google & Meta Ads with AI
Check and manage ad campaigns through AI connectors (MCP).

AI video ads
Create ad videos and visuals with Google Flow.

Marketing analytics
Reports that show what's working and what to cut.

AI marketing systems
Design a complete AI-powered marketing setup for a business.

Human in control
AI suggests, you approve: safe rules for budgets and changes.

WHAT YOU'LL BUILD

An n8n automation workflow · your own AI marketing agent · an analytics report on your campaigns · an AI marketing system plan

TOOLS YOU'LL USE

Claude · n8n · Google Ads MCP · Meta Ads MCP · Google Flow · Google Analytics 4

CERTIFICATION

IBM SkillsBuild: AI Fundamentals

ALL 16 WEEKS · ONE IDEA, START TO FINISH

Startup Launch: The CEO Challenge

Turn your own idea into a real business. Treqo may invest in the best.

12

In simple words: from day one you carry one business idea. You test it, launch it, run real campaigns, and defend it in front of a jury, just like a founder pitching investors.

WHAT YOU'LL LEARN

Idea clarity
Is this a real problem people will pay to solve?

Customer Development Model
Test your idea with real customers before building.

Idea to market (0 → 1)
Validation, MVP, pre-orders and waitlists.

Pricing & offer
Value pricing, bundles, guarantees and a launch plan.

First customers
Getting your first sales and first clients.

Revenue & sales
A simple sales process and handling objections.

Pitching
Present your numbers and plan like a founder.

Go, pivot or stop
Read the results honestly and decide what's next.

YOUR MILESTONES

WEEK 1
Pick your idea
Write your bet card

WEEK 7
Strategy Gate
Defend your plan to unlock spend

WEEK 8
Go live
Offer launched, real campaigns start

WEEK 16
Demo Day
Final pitch to a jury

TREQO VENTURE TRACK
Selected ideas can receive investment from Treqo. [Stages and selection criteria to be announced.]

Your 16-week journey
